Independent Program Design

47290

A fitness trainer will design a workout program to meet your personal needs. The program design plan includes:

- a personal consultation and fitness assessment
- 4 week program
- a 15 minute in-person session every two weeks to evaluate progress and goals

This is ideal for intermediate and advanced exercisers, busy people with constant schedule challenges, or those with very specific goals such as marathon, triathlon, powerlifting, and weight loss. It is also a great add-on option for someone who is already working with one of our personal trainers but wants specific workouts during the rest of the week.

Due to the complexity of many strength-training and conditioning programs, novice exercisers should begin with a hands-on trainer. Must be 16 years or older and a Centre Member.

Packages	Price
4 week program	\$64.00
8 week program	\$118.00
12 week program	\$162.00
